DEATH LURKS IN THESE RAPIDS

N. A. Fielders, Member of Crowmell Party, Returns Home. Tells of Drowning of G. T. P. Men.

N. A. Fielders, son of J. A. Fielders, government road inspector, who was a member of F. T. Crowmell's party, which left Edmonton on July 18 on a trip overland to British Columbia, has returned to the city. The other two members of the party, Mr. Crowmell and Hugh E. Ritchie, are still in British Columbia, the former being at the coast and the latter at Ashcroft.

The Crowmell party packed the 400 miles between Edmonton and Tete Jaune Cache, and from there made the remainder of their journey in a dugout. They went 200 miles down the Fraser to Clearwater, and up the Clearwater river 40 miles to the north fork of the Fraser. They remained at this point a month, doing some timber cruising, proceeding at the end of that time to Ashcroft by steamer and stage from Quesnel.

Saw the Unfortunate G.T.P. Men. Mr. Fielders was perhaps the last man to see Harvey Cunningham, one of the three G.T.P. survivors, who were drowned in shooting the Griseomble rapids, alive. He tells of the tragedy and the unfortunate circumstances which led up to it.

On the Fraser, between Tete Jaune Cache and Clearwater, there are a number of hard courses to run on the river—the Grand Canyon, Griseomble Rapids, Fort George Canyon and the

Cottonwood Canyon. The Griseomble Rapids are the worst in the river. They are about six miles long. Against a head wind the Crowmell party made the trip in 30 minutes.

There is so much excitement in running these rapids as an ordinary man wants to experience during his whole lifetime," said Mr. Fielders. Speaking of the accident by which Wm. Lashby, Harry Cummings, the two Edmonton men, and William Symington, the G.T.P. survivors, lost their lives, Mr. Fielders said that it was not due to a lack of knowledge of the river, but to the current. Lashby, who was steering the canoe in which he and five companions started down the rapids, was an old hand at the business. He had been through the rapids many times.

The Irony of Fate.

"It was he who told us," said Mr. Fielders, "that when we shot the rapids we were to be sure to keep to the right hand side for half the distance. During the last two months the water in the river has been low, and when it is in this condition the rapids are a veritable death trap. It is a peculiar fact that for a long distance above a rock a current runs dead on it. When a canoe gets into this current nothing can save it from destruction. The current on either side of this centre run past the rock. It was this centre current that Lashby struck just after starting, and the canoe went to pieces on the very first rock in the rapids. It seemed strange that Lashby should lose his life by his failure to carry out the instruction which he so carefully gave us, and which he took pains to impress on us before we shot the rapids. He was a fine fellow. Cummings, another of the men who lost their lives, intended coming home with me to Edmonton, where his people live."

Mr. Fielders says there is much fine timber in the country around the Fraser river, and there were many cruisers out there this summer. Mr. Crowmell is now in Victoria filing his claims with the British Columbia government. The party did not go through to Prince Rupert as was at first proposed.

Winning Candidates for Re-election.

Winning, October 28.—Three controllers today announced their intention of standing for re-election at December elections—Laker, Coker and Harvey. Controller Davidson has not made up his mind whether he will stand for re-election or not. Mayor Ashdown will stand for election for the second term. Alderman Davidson's name is mentioned in connection with the mayoralty, but he refused to make any statement. Several members of the council wish to see the present mayor re-elected in the coming elections, while the majority claim that he should have a second term without opposition. Alderman Palford will announce his intentions in a few days. It is expected that he will run for controllership. Alderman McArthur will run for board of control. James Hurdidge is also to be candidate according to all reports.

Will Not Close on Sundays.

Montreal, Oct. 28.—As a result of the denunciation of theatre managers, who called to see the chief of police, Campbell, yesterday and furthermore acting on advice of the city law officers, not attempt will be made by the police to close Sunday amusement resorts wherein moving pictures are exhibited. The change of view is due largely to theatrical managers convincing the authorities that they were not giving a theatrical performance. They admit they are giving amusements but not theatrical amusements.

THE MAN FOR MAYOR.

The announcement that a petition is in circulation requesting Mr. John A. Macdougall to become a candidate for mayor, and Mr. Macdougall's statement that he will accept the request if the petition is largely signed by representative citizens, will give very general satisfaction. Edmonton has probably no citizen better qualified to discharge the duties of chief

Like you, I'd live in sunny lands,
And firmly clasp my feeble hands
About some cherished treasure;
I'd shut the Winter's icy breath,
And everything that speaks of Death
From out Life's joyous measure.

Dry, ruined leaves, how thick ye strew
The paths where queenly roses grew
And buttercups were gleaming!
Yet ye have known the joys of Spring,
And felt the love of everything,
While I've been idly dreaming.

LUMBER PRICES WILL NOT DROP

At the Coast, Vancouver Dealers Expect Great Business in the Spring.

Vancouver, Oct. 28.—The price of lumber going to drop? This is the query you probably meet frequently these days. Some say it will, some say it won't. But only the quietest one of local interest, but it is a matter of more than ordinary moment throughout the prairie provinces at the present time.

The lumber dealers on the prairie say, and have their conclusions on the experience of past seasons, when with the slackening trade in the fall the millmen were obliged to reduce prices to induce business.

The lumber dealers, line yardmen, purchasing agents, etc., for construction and railway companies throughout the prairie when spoken to concerning the prospect of prices say they have no intention to place presently, but are waiting for the slump which they say is sure to come.

The coast mills, they say, are filling their yards with stock, they are shipping nothing, and presently the banks will begin to press for the reduction of interest rates, and there will be no price of lumber and so will buy cheap lumber. When questioned as to the Vancouver lumber manufacturer says no, and says it is positively and so confidently that it is impossible to expect the prairie provinces to receive the present conditions relating to the lumber business reveals a great many features of an entirely new character, which seem to afford a strong warrant for the statement that prices will not at the very least be maintained. Presently the contractors with very few exceptions are strongly opposed to the break in prices. Most of them have been building to sell, and have one, two or three houses on their hands built of lumber bought at present prices. A drop in prices would immediately bring down property values. Consequently every contractor is willing to get some concession on his purchases. It is possible, the possibility of a break on present bill hits him with disaster.

Use Up Lumber in Summer.
Another set of conditions prevails amongst the lumber dealers throughout the prairie provinces and Alberta. The shipments of coast lumber last winter, owing to the unusual severity of the season and consequent closing of the coast, did not arrive at their destination until the late spring. This has been an embarrassing condition followed by a cold and discouraging summer, not only as to building operations but also as to the sale of the lumber. The prairie provinces, except such as the timbered prairie, have been in a financial straits for a considerable time. The prairie provinces, except such as the timbered prairie, have been in a financial straits for a considerable time. The prairie provinces, except such as the timbered prairie, have been in a financial straits for a considerable time.

Other Markets Developed.
In previous years the local demand has been the coming of wet weather shut off with a snap. This season possibly owing to the extraordinary prolongation of dry weather, the local demand has not been so much slackened, and although the prairie trade has been quiet during the past few months, orders are continuing to come in to a small degree and shipments are going out every day in greater volume than is generally supposed. In the early summer many of the millmen anticipated a slack prairie trade, and were cutting about for other avenues and it has come to pass that lumber is now going out in large quantities every time a local steamer for various quarters of the world. The prairie market is taking British Columbia lumber, Australia and New Zealand lumber, and is being handled to the satisfaction of the prairie provinces. The prairie provinces, except such as the timbered prairie, have been in a financial straits for a considerable time.

GOES TO PENITENTIARY.
Former Vice-President of Mutual Life Sentenced to Six Months.
New York, October 28.—A sentence of six months in the penitentiary was imposed by Justice Dowling upon Dr. Walter E. Gillette, former vice-president of the Mutual Life Insurance Company, who was convicted of perjury. Dr. Gillette had denied that he had admitted to the grand jury that he had been paid \$10,000 by the company to influence legislation affecting insurance companies. The jury found him guilty of this crime, and the punishment might result in his death.

Attack of Bull Results in Death.
Kilmarnock, Ont., Oct. 28.—The death of Wm. McFarlane on the boundary of Kilmarnock township, occurred on Saturday. He was badly hurt by a bull Thursday having been standing in a corn field, several of the fractured and lacerated. He never recovered consciousness after being knocked down. He was a bachelor, well to do, and 60 years of age.

CHICAGO BANK FOUNDED.

Run Commenced on Hibernian Bank—Strong State Institution.
Chicago, Oct. 28.—A run has begun on the Hibernian bank, which is regarded as the strongest state institution here. At the meeting of the clearing house it was found that applications had been received for advances of five and ten millions certificates. Arrangements were made for securing the collateral of the banks at 75 per cent of its value. At all the banks, excepting the savings banks, it was announced that cheques for over that amount would be paid the regular customers without delay, but cheques for over that amount would have to be paid O.K. of cash. The Chicago banks have a total of \$50,000,000 on the debit side of their accounts with New York banks. The fact that Western correspondents recently have needed large amounts made the certificate plan a wise precaution to prevent leaving the banks, so officials declare.

CANADIAN FEDERATION

Of Labor May be Organized—Railway Commission in Chatham.

Ottawa, October 28.—The railway commission left this morning for Chatham, Ontario.

A strong feeling exists in the capital that the Canadian union men are now about to start independent of the international federation. A meeting of national trades and labor congress of Ottawa has been organized, with Alexander Fraser, president of the local unions have affiliated to start with. Another will be applied for at once.

General Booth Better Again.
Chicago, October 28.—Today General Booth is much refreshed, but physicians are advising a longer rest. The old veteran, however, determined to continue his trip tonight.

San Jose Sale in Fruit.
Griswold, Oct. 28.—The Grimsby packing factory has received a lot of fruit from Maryland. The fruit is tainted with San Jose scale and was seized by the government. The order is that the canners may sell down the fruit but that the fruit be destroyed or the whole shipment may be destroyed by the government. The matter is still awaiting arrangement.

Stranded on Lake Erie Shoal.
Buffalo, Oct. 28.—The steamer Olympia, of the Gibraltar line, is stranded on the Green Island in Lake Erie. The steamer is loaded with oil, and is in a fairly exposed position. The vessel is being towed, and it is no immediate danger unless a storm arises before assistance reaches.

Col. Wilson Retiring.
Quebec, Oct. 28.—Col. J. F. Wilson, commander of the fortress and inspector of artillery, will be retired with the rank of major general. The colonel has been 36 years in the service with the Canadian militia.

ACCIDENT TO A TORONTO BUILDER.
John Felsch, a builder, of 313 Wilton avenue, Toronto, was working on a two-story scaffold, the plank broke and he fell through. He received several severe cuts on the leg, a fractured leg, a thorough shaking, Zank-Buk, the best balo, was applied to the cuts and gave him great relief. He says: "I thought my leg was badly cut. I was able to go on without a day's loss from work. Zank-Buk takes the soreness out of a wound at once and then it commences to heal. It is without doubt a wonderful balo for skin injuries, and I am glad to make this statement." Zank-Buk is a sure and speedy cure for cuts, bruises, and all skin diseases. At all stores and druggists, 26c. box. The Zank-Buk Co., Toronto. 3 boxes for \$1.25.

PRICES RIGHT.
The dealers are being their expectations on the experience of previous years when prices sagged under slackening trade.

The manufacturers on the other hand say the dealers have been predicting lower prices since last June, and the prices have held firm in spite of the slack trade, and now under the new and growing conditions, when local and foreign trade is offering such an important outlet on one hand, and with the certainty of a heavy demand in the prairie for lumber next spring, any cutting of prices at this juncture is quite needless and would be an act of supreme folly.

Agent for the Sub-Agent, at the
expense of the applicant, and if the
land applied for is vacant on receipt
of the telegram such application is
to have priority and the land will
be held until the necessary papers to
complete the transaction are received
by mail.

In case of "personation" or fraud
the applicant will forfeit all priority
of claim or if entry has been granted
it will be summarily cancelled.

An application for cancellation must
be made in person. The applicant
must be eligible for homestead entry,
and only one application for cancella-
tion will be received from an individ-
ual until that application has been
disposed of.

Where an entry is cancelled subse-
quent to institution for cancellation
proceedings, the applicant for cancella-
tion will be entitled to priority of
entry.

Application for cancellation must
state in what particular the home-
steader is in default.

A homesteader whose entry is not
the subject of cancellation proceedings,
may, subject to the approval of
the Minister, voluntarily give up his
claim of father, mother, son, daughter,
brother or sister, if eligible, but to
no one else, on filing declaration of
abandonment.

On the 1st of January a settler is required to
perform the conditions under one of
the following plans:

(1) At least six months' residence
upon and cultivation of the land in
each year during the term of three
years.

(2) A homesteader may, if he so de-
sires, perform the required residence
duties by living on farming land owned
solely by him, not less than eight
60 acres in extent, in the vicinity of
his homestead. Joint ownership will
not count.

(3) If the father or mother, if the
father is deceased, of a homesteader
has permanent residence on farming
land owned solely by him, not less
than eight (80) acres in extent, in the
vicinity of the homestead, or upon a
homestead entered for by him in the
vicinity, such homesteader may per-
form his own residence duties by living
with the father (or mother).

The term vicinity in the two pre-
ceding paragraphs is defined as mean-
ing not more than one-half mile in
direct line, exclusive of the width of
road allowances crossed in the mea-
surement.

(4) A homesteader intending to per-
form his residence duties in any man-
ner than the above while living with
parents or on farming land owned by
himself must notify the Agent for the
district of such intention.

Before making application for patent
the settler must give six months' notice in writing to the Commissioner
of Dominion Lands at Ottawa, or his
intention to do so.

SPRING NEWS

PETERBORO FAREWELL HIM

The evening before he left Peterborough for Edmonton Fred Whitcroft, who will captain the Edmonton hockey team this winter, was tendered a farewell banquet.

The Peterborough Examiner reports the affair as follows: A number of the friends of Mr. Fred Whitcroft, who left this morning for Edmonton, Alberta, where he will captain the Edmonton professional hockey team of that city, said farewell to him last night, at an informal banquet held at the Peterborough Hotel.

The species that were made dealt with Mr. Whitcroft's career as a hockey player and as a citizen of Peterborough, and many good wishes were expressed for his success in the west. He has always been one of the most popular athletes that ever won the Peterborough colors, and while he is leaving the city for a time will be regretted, it is hoped that he may stay to his laurels in the west. After an enjoyable repast well served by Mr. Spence and assistants, E. S. Clarke, who acted as chairman, proposed the toast to the king, which was joyously honored, the gathering singing the National anthem most heartily.

Mr. Clarke then proposed the toast to the guest of the evening. In doing so he referred to the regard that the citizens of Peterborough felt in parting with Mr. Whitcroft, and hoped that he would meet with great success in the west, not only as a hockey player but as a citizen of Edmonton. Mr. Whitcroft had made sacrifices in the interest of the Peterborough hockey club and had remained with them when he might have bettered himself. He had only left them last season when the chances of their winning the championship were slim.

Mr. Whitcroft in replying to the toast of the evening thanked those present for their kindness, and thanked his host, Mr. Clarke. He explained the steps by which he was led to Edmonton, where he did not think his work as manager would be difficult, inasmuch as four of the team were already signed and he would have to secure only three or four more.

Mr. W. M. Glover and Chris. Thompson were called upon to speak in behalf of the hockey club. Mr. Glover referred to Mr. Whitcroft's great work in the past, and put a tribute to him as a hockey player, and as an honest and trustworthy athlete. He explained the circumstances of Mr. Whitcroft leaving the city last winter, and stated that he would not have gone if a member of the club had asked him to stay. The management had decided that it would not be fair to Whitby to ask him to stay when they had such good prospects before him, but if they had done so he would have finished out the season here.

Mr. Graham added a tribute to Mr. Whitcroft, saying that he had always found him a square athlete, who had done his best for the team. Mr. T. W. McWhorter, speaking on behalf of the hockey club also referred to Mr. Whitcroft's good work and wished him every success in the west. He had no doubt but that he would make good in every season of the west.

Representatives of the press present spoke briefly referring to the regret that the members of the fourth team would feel of Mr. Whitcroft's departure. The banquet was brought to a close with the singing of "Auld Lang Syne" and two giving of three hearty cheers for Whitby.

OFFICERS OF THE I. H. L.

Saml. Sile, Maple, Ont., Oct. 28.—Representatives of Calumet, Houghton, Michigan and Canadian Soo met at Marquette on Saturday night to discuss matters of vital interest in connection with the International Hockey League. Those present were—President Kemp of Calumet; John McNamee of Houghton; W. L. Murdoch of Michigan Soo, and M. Langdon of the Canadian Soo. The meeting commenced at 7 o'clock and it was well on into the hour of Saturday morning before the representatives of the teams that have decided to remain in the league adjourned. The proceedings of the meeting held recently in Chicago were upheld by those present, so far as the election of officers is concerned. The officers for the present season therefore will be president, M. J. Kemp, Calumet; vice-president, W. L. Murdoch, Michigan Soo; secretary, M. Langdon, Canadian Soo.

The four teams mentioned will comprise the International Hockey League this season, so other teams expressing a desire to join the league. This will make a very compact outfit, and all present were of the opinion that the fall-out of Pittsburgh in the west would detract in any way from the success of the league.

President Kemp will visit the Michigan Soo this week, and, in connection with the officers of the league who will meet him, they will arrange a schedule to be followed this season.

TO USE SAME GROUNDS.
New York, Oct. 28.—The National and American League teams will play on one and the same ground in the winter, where there are conflicting claims. This practically means that the rival organizations will form a combination, though the leagues will not actually merge. Boston Nationals have already made no agreement with the management of the Huntington Avenue grounds. Boston to play there next season. This is the same ground of the Americans.

The reason that the Boston team will play on the same grounds is to save

money on everything in connection with running a plant of this kind. Other cities in which there are two major league teams play will follow the suit of the "Jays" and "Pirates."

It was not known to come in this city next season between the managements of the Polo grounds and American League Park, but it is a clash the same managements will see the great economy of such a move, and play on the same grounds in 1939.

HOUSERS FOR THE EXECUTIVE.

Paris, Oct. 28.—There was a large and enthusiastic gathering at the executive meeting last night, which speaks well for the success of the league. The president, who Donald Sinclair was elected president and J. Sinclair secretary. Teams will be entered in the O. H. A. Harry Houser, formerly of Toronto, now a resident of Paris, will likely be a candidate for the O.H.A. Executive Committee. He has been requested by the club to allow his name to go before the annual convention.

SPORTING BRIEVITIES.

There is a great deal of interest in Queen's University. It is said that no less than 400 candidates are applying for positions on the junior team. Dozens of promising players are being discovered and it looks as though Queen's has big material for years. The game has to be fought to some of the best of the world, and who are wanted for inside wings and the scrimmage.

John Smith, the speedy wing player of the Ottawa Luge team is coming in from the U.S.A. and will be one of the stars of the college game in Toronto. The newspaper reports apply to have a college football team from West. Father Stanton and the members of the Ottawa Luge team, who are wanted for the right side of the field.

John Smith, the famous amateur athlete, who speciality is hammer throw and shot putting, is under suspension by the Amateur Athletic Union of Canada, and is sent to New York for the games at Madison Square Gardens this week, and it was refused for reason of his suspension. It is alleged that he competed in Toronto with one of the best of the A. A. U.

John Canadian is making inquiry of the federal sports of the U.S.A. sanction for the race. He fears that the federation will try to put in one of their fastest runners, and thus put Big Chief Longest out of the amateur class if this sanction is not secured. Under the reply is satisfactory, it is altogether likely that the Indian and the Irish Canadian entries will be scratched. Flanagan is taking no risks of Longest and his teammates being disqualified so that they cannot enter the Olympic Marathon in England next year.

PRESIDENT STARK'S ADVICE.

Toronto, Oct. 28.—President Stark, of the C.A.A.U., made a splendid address at the amateur sport in Canada, on Saturday night, urging all officials and true lovers of sport to fight to keep sport good, clean, and amateur. He spoke of the demoralizing effects of professional sport, and said that amateur athletes were making just now the fight of their lives, and it is hard to say what the result will be. "We have wealth and other influences to fight against," said Mr. Stark, "and if we are successful, it is the outcome we will have to fight 'out and mail'."
